

## TiNMuGs 23-24 Report and 24-25 plan

With great pleasure I can say that the TiNMuGs; the Tuesday night music group continues to thrive. 30+ years of participation music, welcoming all levels of players. We meeting most Tuesday nights at the Irish club, in private homes, or public places. The attendance is great 10-25 musicians with a range of instruments. Friendly tolerant and fun it is a good way to enjoy making music with others. The tunes played come from a vast collection. (30 years is a long time to be collecting music) This is available for download. Julie continues to be the inspiration and driving force behind the group ... thank you Julie you are so precious to us. Julie is ably supported by others in particular Maurie who maintains our online music collection.

TinMuGs have given multiple performances at special interest groups in Canberra, Spiral, View clubs etc. The TiNMuGs provide music for a private Bush Dance at an Olive Farm near Canberra.
